1/2

The 1950 collection combines the art of forging with 21st century technology. Once fashioned from heavy iron, the pieces are now ingeniously crafted from aluminum, a much lighter and weather-resistant material. Like any good design, their aesthetics respond to their structure. An evocation of the special triangulated constructions from which engineers and architects developed most of their civil works during the second half of the 19th century.

Maintenance

Clean with mild soap using sponge or cloth. Be gentle while cleaning, do not scrub aggressively the fabric. Once cleaned please make sure you remove soap excess.

In case of aggressive stains clean with diluted household bleach.

Clean stains promptly. The longer it remains, more difficult will be to remove.

Once cleaned the fabric steam iron the fabric. Just use steam, be carefull NOT placing the iron directly in the fabric it will get damage.
